Class: **SCCA Solo 2 G-Stock** (San Francisco Region – 2004 Street Tire (83 Competitors))

Modifications:

- ✓ Competition / Max Performance Tires (Class dependent) - 205/50 x 15
- ✓ Factory Crash Bolts and Competition Wheel Alignment
- ✓ Competition Brake Pads
- ✓ Competition Seat Harness
- ✓ Iridium Spark Plugs

Achievement:

2004 San Francisco Region SCCA Solo2 Street Tire CHAMPIONSHIP

– delivering 7 First, 4 Second and 4 Third Place Finishes

Why a 2002 Neon ACR?

Factory competition ready, including the reliability of a mass produced product (reliability verdict above average – source: Consumer Reports Yearly Car Book - Fall 2004) and the utility of a four door economy car. Predictable enough for a teen age driver during the week while requiring just minor adjustments to make it competitive for dad to race on Sundays.
